PRINTING ONTO BLACK OR OTHER DARK COLOUR T/SHIRTS:

If printing light coloured inks onto dark garments, please allow for an extra colour to be printed as we will print an underbase white to achieve brightness.

CMYK (FOUR COLOUR PROCESS) - ONTO WHITE T/SHIRTS ONLY

Artwork should be supplied in a high res JPEG, TIFF or PSD file to size with a colour hard copy. Separations for this kind of work can be quite expensive, especially if required for coloured t/shirts, so a quote will be submitted to you before separations are run. USE THE 6 Col PRICE BAND for this type of print.

PACKING

T/Shirts will be put in folds of 10 and re-packed into their original cartons. An individual bagging service is available, where self seal poly-prop bags are used. This will cost an additional 15p each.

CARRIAGE

Carriage is not included in the prices quoted.

**PLEASE NOTE THAT THIS IS A PRICE LIST FOR PRINTING T/SHIRTS
FOR ITEMS SUCH AS HOODIES, SWEAT SHIRTS OR HI VIZ, PLEASE SEE SEPARATE PRICE LIST**

2000	.36	.42	.48

SWEAT SHIRT & POLO SHIRT PRINTING

Due to the nature of these fabrics it is not advisable to print fine detail or solid areas of ink. Printing more than four spot colours can also become a problem. If your design contains any of these issues, it is advisable to email the artwork over to the address below for confirmation that the design is able to be screen printed.

HI VIZ VEST PRINTING

As these garments are non-porous, if the design carries a heavy block with other colours inside, this could present a problem when screen printing. If in any doubt when multi coloured designs are to be printed, please email the artwork to the address below.

CARRIAGE

Carriage is not included in the prices quoted.
